ABOUT ME

I am a designer, artist, and creative mind, based in the DC metro area. I care deeply about creating world-class design that is equal parts functional and beautiful. With my talents and expertise, I aspire to make an positive, enduring impact.

PERSONAL

I draw pictures for a living and I love it. I grew up with a bucket of crayons in tow everywhere I went — recently graduated to a Macbook. Sports enthusiast and lifelong member of #BillsMafia. Social justice advocate. Part time barber. I try to add at least one new stamp to my passport every year. The soundtrack to my life is a cross between Erykah Badu and Kendrick Lamar. Whether face to face or on social media, my aim is to leave people smiling.
